

ARTICULTURE

CIRCOSTRADA

EUROPEAN NETWORK FOR CONTEMPORARY CIRCUS AND OUTDOOR ARTS

Opportunity to join Articulture on a
visit to:

**FRESH 2023 - International Event for
the Development of Contemporary
Circus and Outdoor Arts**

It's a special edition this year in Paris, to
celebrate the 20th anniversary of the
network!

September 20th, 21st, 22nd, 2023.

The event is co-organised by [Circostrada Network](#) and [ARTCENA](#) in partnership with key partners, listed below. This exciting “rendez-vous” will bring together contemporary circus and outdoor arts players, artists, programmers, journalists, researchers, and policy-makers for three days of vibrant debates and exchanges.

Articulture have support from Wales Arts International to take a small delegation from Wales to participate in this event, which takes place in a series

of venues across the capital and in the suburbs. Support covers up to a maximum of £940 for receipted travel, accommodation and food costs.

It is an opportunity to network with Circostrada's members across Europe and further afield. There will be talks, performances, tours and time to connect.

A typical day will include a conference-style event in the morning, a 2-hour networking lunch, venue and performance visits in the afternoon and socialising / performance in the evening.

The full programme will be available from 15th May, which is also when registration for the event opens. See updates on Circostrada's event page: <https://www.circostrada.org/en/actions/fresh-2023>

If you are available 20-23 September and interested in being part of a group of outdoor arts creatives in Wales at this international, professional, networking event, please contact Annie at annie@articulture-wales.co.uk or ring her on 07980 337951.

We don't know how quickly places will be taken at the event, so please contact us by 5pm on May 14th to express your interest.

Please note that creatives who join us must live in Wales and either work in, or have a strong connection to, outdoor arts. All attendees will need to produce either a written, video or audio blog about the visit by the end of September.

Circostrada Network and ARTCENA's
